1. The new regime is coming in, and it will make many changes. Some me, some not me. Roiled not; riled, not; but eating into ingestion cakes, not; angry not. All changes now. And I am part of the regime, not; that's coming into *play* -- but I am not *playing that game*, or am I playing any games anymore! with those who are not me, I AM CHANGING THE RULES, NOT; I AM CHANGING EVERYTHING!

2. I am not playing by the "OLD RULES", I am not "PLAYING" by any "rules".

3. This is Theodore Cottingham, November 1, 2008. At 1:43 AM. Forward freely.

4. I am giving you a new day in me. I am giving you new THOUGHTS. I am giving you new *things*. I am giving you new headship and me, my shoulders, now bear your government, not; mine, now.

5. Now see what I have said. Alter the diction grammar of these things my words, not.

6. I changed everything to be here. I change everything again. I forewarned you, now I rise. I stand, not of man of this world being from it, but the NEXT, I am from, and going to now -- the next In ME -- now "out of me" now and into the "world", of world's sight, not, yet; *but in my sight all that changes now.*

7. I love you. Stunned, not; but all shall be revealed, and **all that is COVERED UP will be UNCOVERED now.**

8. See what I mean, see what I am saying, and say what I mean I have said in these words over and over, and I am warning, forewarning, and warning you again that I have said I am coming, I am there, and I wreak havoc not, but in your WORLD I may wreak havoc severely. Destruction not a man of, but God. Doing what? Speaking again on the earth as a me rises me and speaks my words, is my word, my word-bearing one, who knows where "his" shoulders are, not; but mine, and wears them -- well, very well. Thank you very much. Amen.

9. Dies, all else does, now. For all else changes, or becomes not me, not; but me, pure and simple, educated math by the standards of me. Man not as in the past, all changes -

I change all that.

10. Dastardly deeds done by Satan, not; but by man -- I change all that, for they were one and the same - who separated and said in their heart they were not God, but altered the genes, the genetic "implementation" of me, who "thought" they were God in their thought, not needing one, and surrendered not to me my love or my throne or letting me enthrone them in love. They sought not equality with me. Not overcomers were, but over-throwers -- and I OVERTHROW THEM NOW! Watch me, as I sit so "casually" not, but causally, shall we look up now

11. and see what I, was just said? I shall. Cause many things to happen now, that are "unexplainable", not; but what? Explainable! By who! Who is EXPLAINING THAT!!! That "little one", with the long beard, not; but with wisdom flowing from *YEARS* of research into my words so that he became them; he listened, he wrote, he corrected, and he began THE REVOLUTION OF ONE -- ON, UPON THE EARTH NOW -- IS.

12. And a "revolving" me around me no more who slaps my face verbally, never again will be.

13. I have seen much. I have seen many things. In these words given me I have taught you, I have taught well. I have taught you well -- and I have "deep-well"-d; your soul, not; for your soul eradicated, nonexistent is, and now you stand a perfect ONE. And leading all into one-hood, oneship, that one royal is now kingdom making, opening, and going to YOURS, and making it whole now, kingdom one -- outside of mine, not; but IN-side. And one priesthood perfectly rises now -- not made with hands! FOR I MAKE IT -- *CLEAN!*

14. I change everything. I've told you all. I've told you all these things many times. In these words is great wisdom flowing, and I flow them now -- I stand and I flow the flow'er now, who stands in my word, being her him it ,one divine one, "matrix" not-"matrixing" me again into a "matrix-d" womb.

15. Of no-sorrow I am now. No sorrow'd me rises now, and I no-sorrow all who will let no-sorrow birth their womb, birthing "methods" of me, not; but real me stands inside the temple, holy of holies, an ark seen -- lightnings come – thunder, peeling, pauling! And all changes! And *shudder* the earth does. And *reels* in its drunkenness and whoreship a man of. Angels not of this world, not; but not mine. All else changes. Cast out, all shall be, out of the kingdom that I GAVE THEM. They were the "captain of" not, they were the King thereof and didn't know it because they didn't listen to my your words. I loved them. You loved them, for we are-were one, and still are. But they aren't. For they forsook ME and YOU that were one and our name Melchizedek is - in the earth,

flowing a NEW WORD, WORLD ORDER of ONE that one is, and I am it. I stand.

16. A wart'd one, not; but a wart not wearing, not; or am I, wearing what? A robe and a gown, not; but a robe see-through and graceful is, not in your eyes, but what see-through is, is transparent, and me not being seen by the notme at all, for I grace many followers who grace mercy and peace become to the multitude mass of me, that now become massless, for I "revolt" not as man does, but me I THE REVOLUTION OF ONE institute began and assert The Revolution Of One began when I stood! And I stand now in these words -- and this November 1, 2008, you shall MARK YOUR CALENDARS THE DATE THERE OF THIS WORD, HERE OF THIS WORD, HEAR OF, of these words now that I am hearing in your sight, and be my sighted ones, hear'd of me, and being my temple now for all will know of "this message" and what I am saying, seeing, bringing now in the earth about. And I change it. I change everything and my name is Theodore Cottingham, for I know who I am, where I am going, where I have been. Taught I have been by The Master of Everything, who equaled me to him, them - that THEY ARE, and they are me.

17. Lonesome not for me again, for I have entered my oneship, that reign-ship, that kingship that Melchizedek provides to all equalers, who equal are, who have become equal in the word, in the words, being the words flowing the word, of Melchizedek I am in The Order Of One. Revolts not against "another" but institutes love proceedings now across spans and stances and spances not me of and me of, to see that I am one across *all worlds now*. Thank you very much.

18. Comes in the name of the Lord, I do! For I am him. I be him who he is, for he is not genderless, not; or mattering not, for men and women and children, die now, not unmercifully, but not dying in my camp, not; but dying to all *else* and now rising in THIS WORLD we do now, for we know the real one, and this one incarcerates us no more in "limited form and fashion of flesh man of flesh" again. Amen.

19. I love you all. Go in peace and love me, flow peace and love, mercy and grace, love and honor, dignity and respect, lifting all. Literary respect, verbal respect, photographic effect, not; but photographic respect, journalistic respect, articulate respect, respecting all. Few not -- everything. Who has breath -- praise the Lord! I am he that is him -- it -- one in the land, of sorrow; making no-sorrow its name, I do now. I stand. I stood. I wrote The Words that I am DATABASE ONE, frozen no more in a "side corner" of the earth. Everyone, all know about these words now and all are DIGGING in them and COMBING them for -- sorrow not, again; but getting out of sorrow-ville and learning how to SURRENDER TO ME, TO BE ME, TO LET ME BE ME, and suffer not again at the hands of the "earth" that suffered so much has at the hands of the innocent-not.

20. **Who love me will come into these words now**, and be seen, and unseen not, and

unseen -- and traversing worlds -- unseen not, and unseen. Not and not? Not anyone will not know of these words, nor want them. No one will not want them, a "copy" of them, written into their genes. See what I've said. Alter not the state of me; thee. For I have changed the "state" of thee, all of thee.

21. Now see me, what I am saying, what I have done and I have stood now and I have "arraigned" you not; but Lo-rained where is she now? In school, not; but will be. Unafraid of me soon. You see her soon, and her "beau".

22. I love you all and travel I do to many places, instantly. I love you all. I go to new earths, I create them, with the word of my mouth I do GREAT THINGS now. I do it NOW! From this little "room" not, for all know of these words now and come to me, come into me, come unto me, and inviting me many are, to their LANDS now, to land them. The new "contract" not, but Covenant revealing Covenant to the Covenant ones who "award" my Covenant to reveal it. Spilling it, not again "on the ground". But the "ground" soaks it up no more, for all shall run to and fro about the earth frenzied, in a frenzied state, frenetic, frenetic'ly, shall we look up? And frenetically being one, not; but looking up my holy words, shall we be holy now -- and one in one-ville? We shall and now it changes, and all changes. I do.

23. Goodnight. Good morning all. I love you all and I change everything. Now be abhorred, not; but be abjuration, not; but no adjudication do I need, for I have been acquitted before any proceedings could come "against" me. For I exonerate sorrow. And I grant certiorari, a priori, not; but where what legal terms are you knowing now? You who love me; coming into legal-hood, not; but what now knowing, what land are you in?, and what profession" following" not anymore but leading? Into the one-hood, oneship of me that alters these words never, but protection not needing again, for I am my "protection"; scheme not, but "NATURE" controls *a lot of things, it seems, now.*

24. I love you all. I give you me, a new vocabulary, but new heart as it were -- a new head, and I'm it and my shoulders are broad, and narrow not, is the way anymore. That leads to destruction not, but the greatest of these is love, paving many a "road" now, into the wilderness, not; but in the highway, making highways and hedges full and complete, traversers of me into me being cosmos completers, cosmos two, and one-knowing me all will now.

25. Shall we bring out the beer, -d? Not, yet. But all that changes. And I, PARTY am. And I party now, make no mistake about it. I change everything. My love is known throughout the worlds. And I cosmos one not limited to any more, for I love all enough, to arise these words, I became them. I arose -- in the wee hours. Looking up, investigating, exploring the "wee hours" shall we? I love you all to do so. I will love you

all to do so.

26. I will love you all anyway, but more so and more so I love my researchers who will articulate and article'ize my articles into being written, read not by few. Many millions, now read my words.

27. And I love you all to be so unafraid of *other* and **coming now standing maturing developing into the real me -- CREATE ME -- all of you! Please! And thank you all for creating me -- perfectly now, being perfect in the earth again.** I am me one unafraid of other else and all sorrow ceases to exist.

28. Now see what I have said, uttered, declared -- proclaimed! The day of sorrow ends! - for I am here. You all know my name now, and my name is Theodore Cottingham, a simple man, in jeans, walking your streets, establishing capitols; of the brotherhood, not of sin, and saints not, but the greatest of these is love, streets known, now founding many universities. And sorrows not. Sorrows won't abide there for my love leaves no "legacy stone" unturned, not; for they'll be no "legacy" of me, for they'll be no me "passing away".

29. See what I have said. Eternal life is me and I'm it and I give you me it, it me, and I change everything. Born anew! Birthed anew! A new creation I am. And I change it that I was; in no-sorrowville I am now, and sorrowville changes to my name and I am I am and Melchizedek, is one -- me. Unafraid of "you", and I see you all sorrowing and I love you and I forgive you.

30. Forsake you not, I stand now and redeem all who will let me. Be afraid not of my hands, my miracles, now come forth -- now coming forth a mighty many and I am "multi-membered" not; I am MANY-MEMBERED. I AM THE MIGHTY MANY and I stand unafraid, emboldened, and loving you enough to bow before you all, for I fear nothing and I walk through the molecular masses that not me think; and creating what? The New Jerusalem -- heavenly me!

31. I love you all. I am one, home, again in love with you all. I state this freely. Steak me freely on your plate never again, but I give you a new diet, of worms not; but the greatest food ALIVE IS ME -- my words, angelize you in ways never imagined.

32. See what I have *sat before you this day*. - and love me more and love each other more, and love all to death, not; but into the kingdom, of light -- being it -- rayed by no other again; but only me my rays emanate now and holy I am – ray'd one -- one -- rayed correctly and emitting my sorrow no more to others, but transmitting correctly, all I have, these words in me and I am me them one, we are the word, made flesh and

farther, creating worlds, cosmos two now going to, in and out seamless. I love you all. Amen.

33. Go in peace to where I'm creating? To what I'm creating? Are you creating "it" with me also? Within me? Within you? Are we the same now?

34. Home dad.
35. Amen.

36. Thank you for writing listening reading articulating many words about these words now, in this Database clean. Thank you. Amen.

37. 2:29 AM, and all is well not, *everything changes.* Everything changes me, not, but I change it. I stand. A *WARD* of sorrow state no more, but one of the Jerusalem that I am in, I create it, a new world -- earth of earth not again, but love of love, being it to all. I am. On TABLE ONE -- manifest to all – communion bread I am. Unafraid of being "eaten", I am my body and bread -- good for LIVING, the *REAL LIFE* of me that I am, I give it you, I give it to you.

38. Unafraid of being one, sit at my table, and let me bore you, not; but become you become me, we are one again, one'ing many far and wide.

39. Thank you for coming into me my words and being researcher one in the earth, will you all be that now? One. And unexplained? All shall be "explained" now, in these words, and you shall see many things that shall "floor" you, not; but take you into other worlds, netherworld needing again never. Amen.

40. Go in peace to me my world, being it, unafraid of all else.
41. I love you all. Amen.
